2005 November/December Holiday Programme

Creative Writing & Comprehension Workshop (Lower Primary)

This 8 session programme aims to nurture pupils' writing skills through fun-filled, thematic-based units. During each lesson, your child will be exposed to a particular theme or form of genre. This serves as an effective catalyst to instill interest and generate ideas for writing.

Comprehension is also incorporated in these lessons. We provide selected comprehension materials bearing related themes, to teach specific writing skills effectively. Each creative writing session covers unique, interactive activities, centred on developing comprehension and writing skills.

By the end of this workshop, your child will learn to:

- write more effectively and creatively
- use appropriate and better vocabulary
- expand on ideas and develop interesting story-plots
- read analytically for information and main details
- answer inferential questions relating to comprehension materials
